# REDEFINING PRIVATE AVIATION WITH VISION. TRUST. EXCELLENCE.

Private aviation in Southeast Asia has one name that covers it all.  
Nearly three decades of building the infrastructure, the expertise,  
and the relationships that make every service possible

---

*from the ground up, and without exception.*

*William E. Heinecke*

has been a pilot both fixed and rotary wing by passion for most of his adult life, from the controls of a single engine propeller to the flight deck of a private jet.

He understands what it means to depend on an aircraft, to trust the people behind it, and to know the difference between an operation that is merely functional and one that is genuinely sound.

For him, an aircraft was never a symbol. It was a tool. A way to move faster, reach further, and build a business across the world on his own terms.

When he looked at private aviation across Southeast Asia, what he found did not meet that standard. So he decided to build something that would.

*Kirit Shah*

does not move on instinct alone. The chairman of one of Thailand's most enduring business dynasties, he has spent his career making fewer, better decisions, and holding them.

When he chose to co-found MJets, it was not a calculated diversification. It was a conviction. The kind that comes from seeing clearly what a market needs and being willing to take full responsibility for delivering it.

# “ BUILT BY THOSE WHO FLY ”

Between them, these two men brought something the region had never quite seen in private aviation: an owner's eye, an operator's discipline, and an understanding that in aviation, there is no halfway. MJets was founded in 2000. Everything built since — the certifications, the facilities, the fleet, the network — has followed from that original standard.

---

*Today, MJets stands as Southeast Asia's most complete private aviation solution. The passion that founded it has not changed. Only the scale has.*

# A RECORD OF DELIBERATE PROGRESS

APPOINTED AS A GULFSTREAM AUTHORIZED WARRANTY FACILITY.  
ISO 9001 INTERNATIONALLY RECOGNISED QUALITY MANAGEMENT STANDARDS APPLIED ACROSS ALL SERVICES AND OPERATIONS.

2023

EXPANDED REGIONAL FOOTPRINT THROUGH WINGOVERASIA, SINGAPORE.  
APPOINTED AS ECLIPSE AIRCRAFT GOLD SERVICE CENTRE.

2024

APPOINTED AS AN AUTHORIZED DISTRIBUTOR OF GOODYEAR.  
APPOINTED AS A GULFSTREAM INTERNATIONAL SALES REPRESENTATIVE FOR THAILAND.  
REBRANDED MJETS UNDER 'WHERE DREAMS TAKE FLIGHT' AND UNIFIED CORPORATE IDENTITY.

2025

ESTABLISHED MJETS MILLENNIUM, BANGALORE, INDIA.  
APPOINTED AS AUTHORIZED DEALER FOR BUSINESS AVIATION CONNECTIVITY IN SOUTHEAST ASIA.

2026

ESTABLISH ALL MJETS SERVICES IN SINGAPORE.

2027

APPOINTED AS A TEXTRON AUTHORIZED CHANNEL PARTNER.

2022

ACHIEVED IS-BAO AND IS-BAH STAGE III.  
APPOINTED AS AUTHORIZED DEALER FOR JSSI PARTS.

2021

APPOINTED AS AN AUTHORIZED DEALER FOR COLLINS AEROSPACE.

2020

APPOINTED AS AN AUTHORIZED DISTRIBUTOR FOR HONEYWELL.

2019

LAUNCHED MJETS CAMBODIA.  
CERTIFIED FAA REPAIR STATION.

2017

EXPANDED GROUND HANDLING ACROSS THAILAND.

2011

STARTED AIR AMBULANCE SERVICE AND ACQUIRED THE GULFSTREAM GV AND CESSNA CITATION BRAVO.

2012

ACHIEVED EASA TCO-AUTHORIZED OPERATOR STATUS AND ESTABLISHED MJETS MYANMAR.

2014

ACHIEVED IS-BAO AND IS-BAH CERTIFICATIONS, STAGE I.

2015

ESTABLISHED MJETS INDAMER, EXTENDING FBO AND GROUND HANDLING SERVICE TO DELHI, INDIA.

2016

OPENED MJETS' FIRST FBO IN THAILAND AND COMMENCED MAINTENANCE, REPAIR AND OVERHAUL (MRO) OPERATIONS.

2010

BEGAN CHARTER OPERATIONS WITH THE CESSNA CITATION X.

2009

RENAMED TO "MJETS LIMITED."

2008

RENAMED TO "MINOR AVIATION LIMITED."

2003

ESTABLISHED UNDER "SAHA ENTERPRISE LIMITED."

2000

# THE PRIDE THAT SET OUR LEGACY

*THE KIND OF RECOGNITION THAT TAKES YEARS.*

RECOGNITION

NAMED AMONG AIN'S  
TOP 20 WORLDWIDE. (FBO)

Voted by pilots and aviation professionals  
worldwide, ten consecutive years. (FBO)

AIR ELITE  
NETWORK MEMBER

A select global network of elite FBOs, recognized  
for the highest standards of service and safety. (FBO)

YEAR 2025  
AsBAA BEST AOC  
CHARTER OPERATOR

Asia's most respected peer-voted  
aviation award. (Charter)

SINCE YEAR 2014  
EASA TCO-AUTHORIZED OPERATOR

First EASA TCO-Authorized Operator:  
Fully certified for commercial flights to, from,  
and within European Union member states,  
proving compliance with strict EASA safety and  
regulatory standards.

*EACH ONE EARNED. NONE TAKEN FOR GRANTED.*

ACCREDITATION

YEAR 2015  
IS-BAO & IS-BAH STAGE I

Nation's First IS-BAO & IS-BAH  
Certified Operator:  
One of fewer than 400 firms globally  
(out of 20,000+) to achieve these elite,  
ISO-equivalent standards for safety  
and ground handling.

YEAR 2021  
IS-BAO & IS-BAH STAGE III

IS-BAO and IS-BAH Stage III Certified:  
Attained business aviation's global "gold standard"  
for safety, backed by a comprehensive Safety  
Management System (SMS) to ensure peak risk  
mitigation and operational excellence.  
A testament to our unwavering commitment  
to safety excellence, in 6 years.

MAINTENANCE ACCREDITATION

# ONE RELATIONSHIP. INFINITE POSSIBILITIES.

MJets was built to handle all, with a complete ecosystem of eight distinct services that cover every aspect of private aviation, end to end.

- 01

GROUND HANDLING SERVICE
- 02

- 05

STATE-OF-THE-ART AIR AMBULANCE
- 06

AIRCRAFT MANAGEMENT
- 07

AIRCRAFT SALES & CONSULTATION
- 08

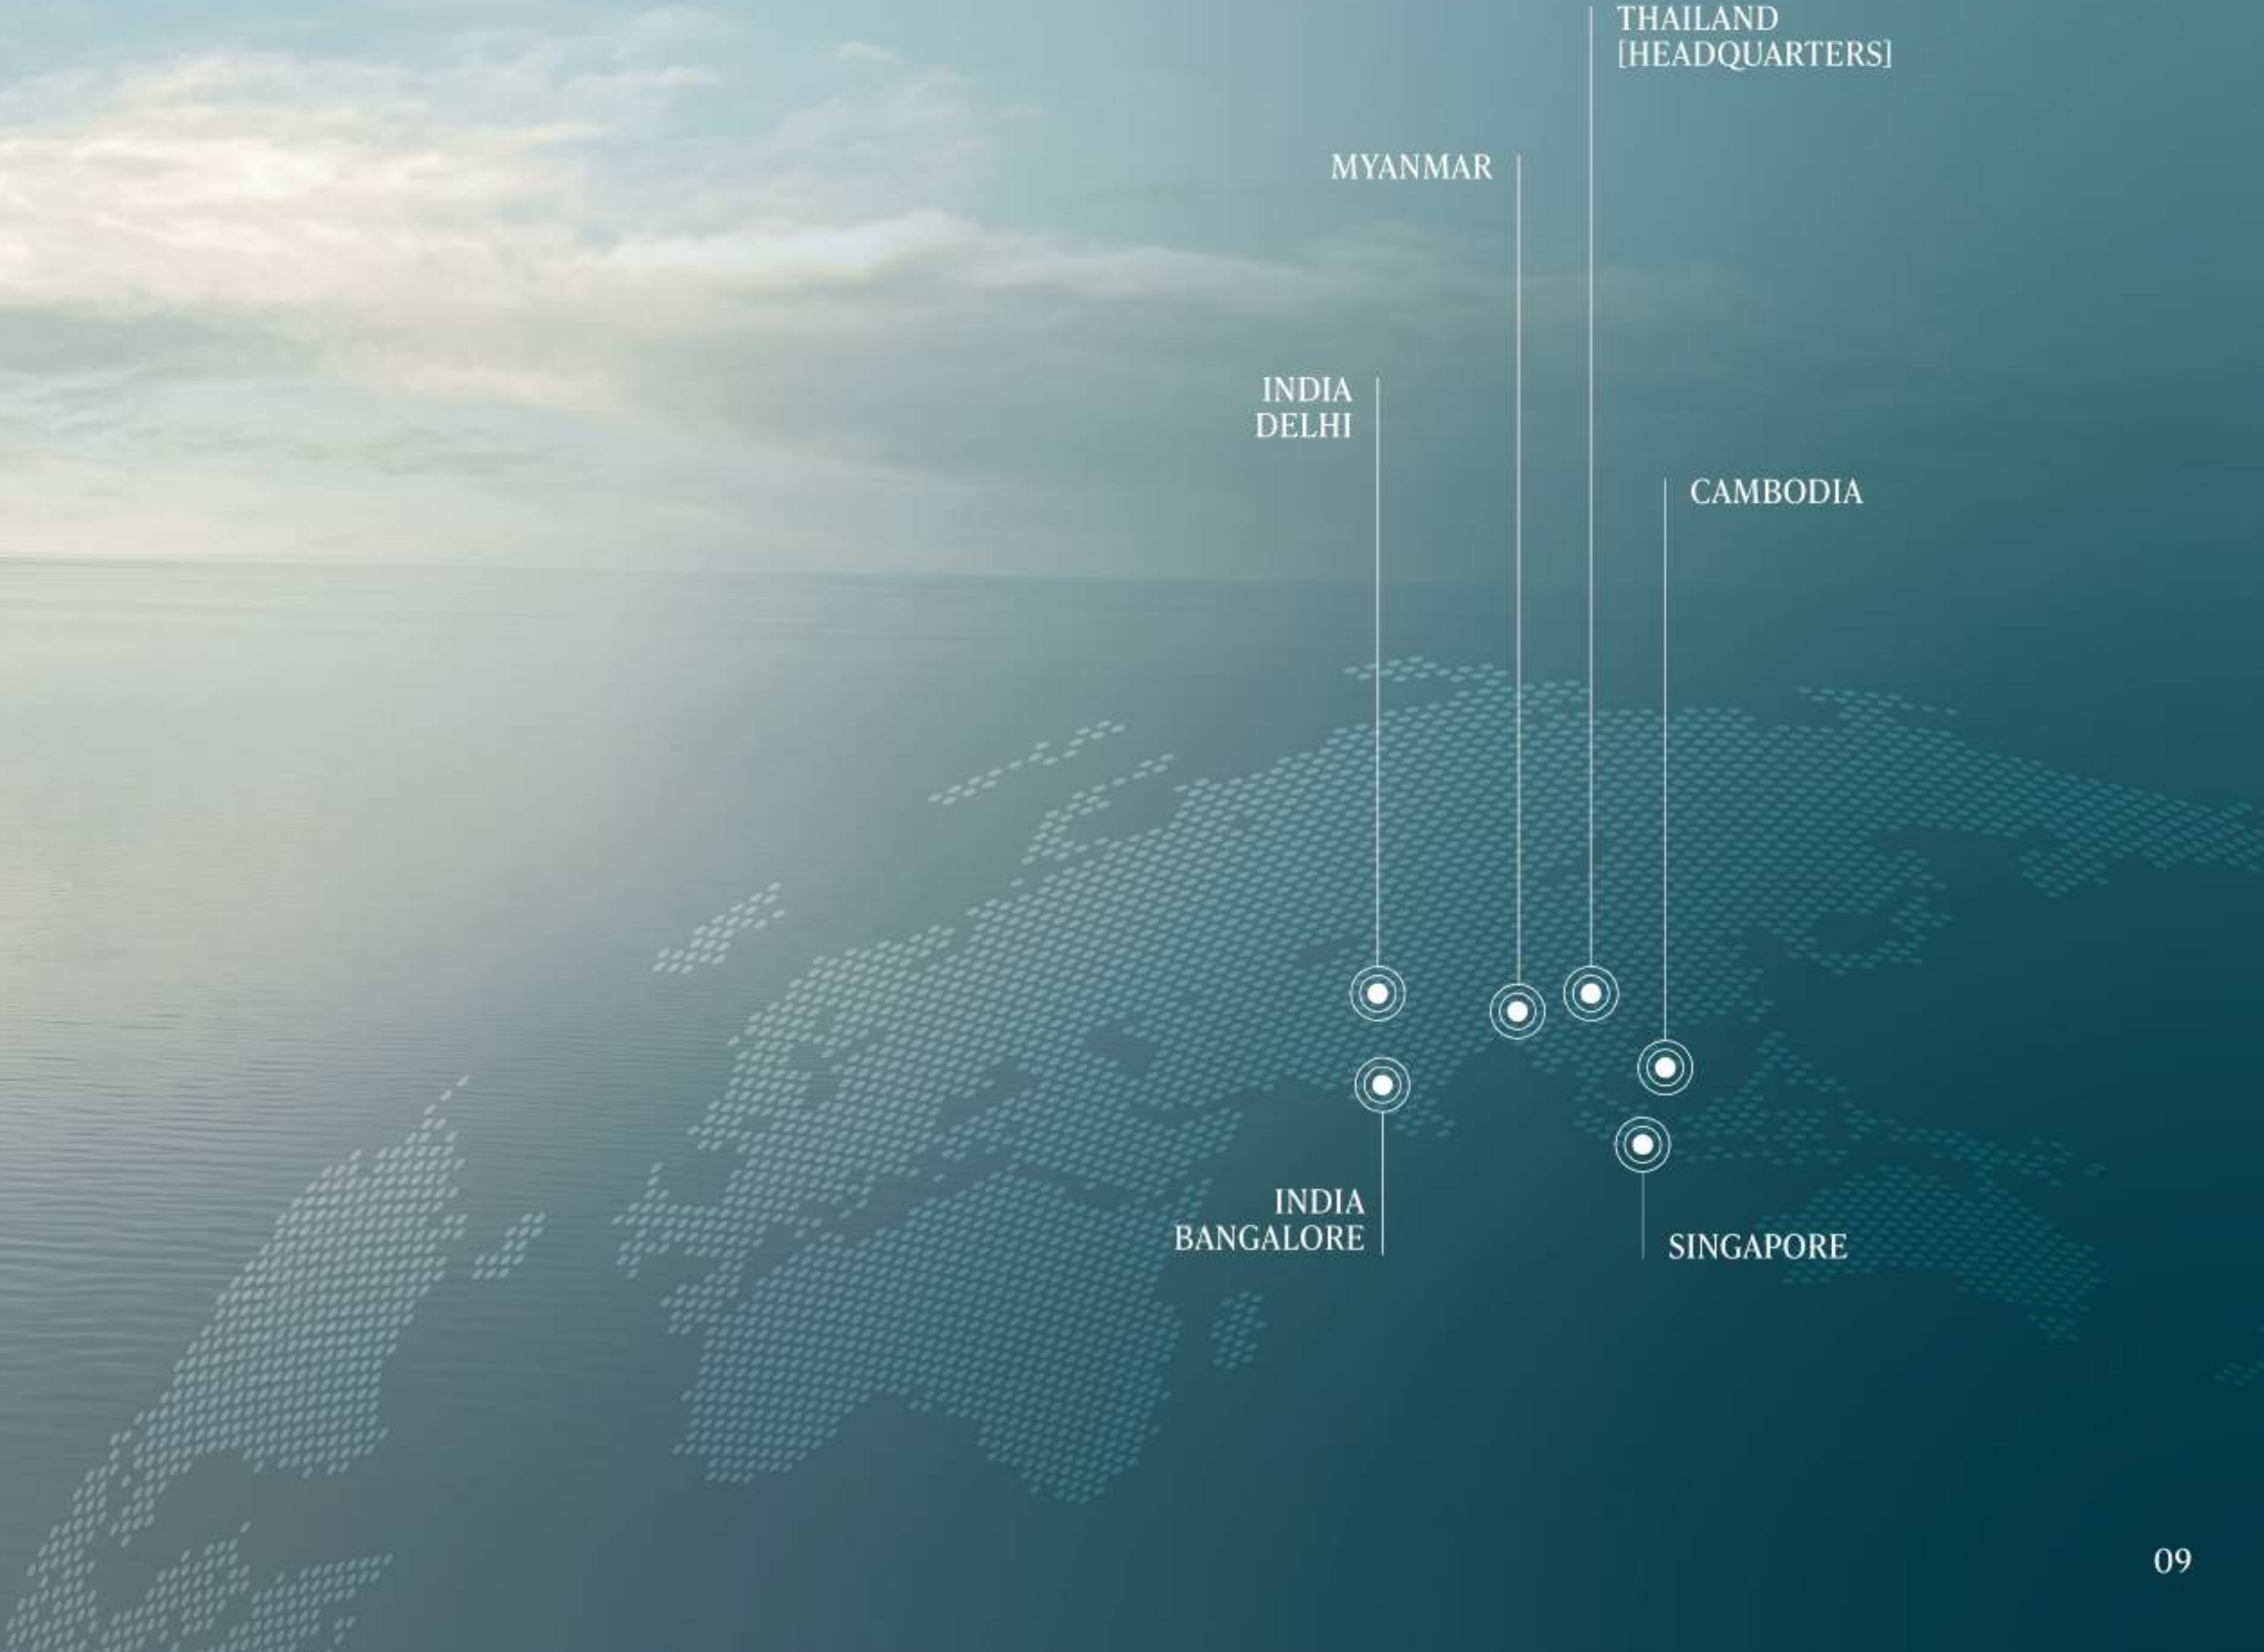

AIRCRAFT MAINTENANCE REPAIR & OVERHAUL (MRO)

# FIVE COUNTRIES. ONE COMMITMENT.

*“The network is what makes Mjets, Mjets”*

Across five countries in Asia, each location was established with one purpose to build the operational foundation that makes every service possible. What grew from it is everything Mjets is today. A connected regional infrastructure, designed around one thing: being where our clients need us to be.

# GROUND HANDLING WITH A DIFFERENCE.

*Ground handling* is only as good as the team behind it. At MJets, that team holds IS-BAH Stage III certification, the highest level in business aircraft handling, and brings the same level of care to every aircraft they work with, whether a single-engine piston or a widebody head-of-state jet.

—  
*From arrival to departure, every movement handled with precision and discretion, exactly as it should be.*

# FROM THE MOMENT YOU ARRIVE.

Asia's leading private jet terminal at Don Mueang International Airport operates as a fully integrated Fixed Base Operator (FBO) facility, designed around one principle: minimal time on the ground and for your best experience.

Recognized by Aviation International News as Best FBO in Asia for ten consecutive years and a proud member of the Air Elite Network – a global community of the world's most distinguished FBO facilities, we offer over 300 sqm of private space, with private lounge, conference rooms, and relaxation zones. A team that manages every detail quietly and efficiently. When you are ready to fly, the aircraft is ready too, with departures arranged in as little as 15 minutes from arrival.

Customs, Immigration & Quarantine (CIQ)  
Airport security  
Work and relaxation zones  
Conference rooms  
Private accommodation areas  
Shower room  
Crew lounges  
Visa on arrival  
Tax refund  
VIP room

# DETAILS BEHIND A SUCCESSFUL FLIGHT.

WITH 24/7 SUPPORT ACROSS

- Overflight, landing & slot permits
- Worldwide ground handling coordination
- Crew & passenger accommodation
- Crew & passenger transportation
- Catering arrangement
- Hangar rental
- Fuel coordination
- AOG & maintenance support
- Interior & exterior aircraft cleaning
- Security team coordination

From the moment a trip is confirmed to the moment you land, our team is already ahead, coordinating permits, crew, fuel, accommodation, security, and every operational detail in between. *Around the clock, across the region, from anywhere, at any hour.*

# EVERY FLIGHT, ENTIRELY YOURS.

At MJets, every charter is arranged around what matters most:  
your time, your people, and your destination. We take care of everything else.

*The same way, every time.*

Every detail is set before you board. Whether the cabin becomes a meeting room at altitude or a comfortable space for those closest to you, it is arranged entirely around the flight ahead. The care is quiet and considered, the kind that Thai hospitality has always been known for.

Thailand sits at the heart of one of the world's most extraordinary food cultures. Every meal on board is prepared entirely to your preference, from the street food that defines the city to dishes that have earned international recognition. On request, every time.

We operate under our own fleet under an Air Operator Certificate authorized by the EASA Third-Country Operator program, and hold IS-BAO Stage III certification, the highest level in business aviation. Our fleet of meticulously maintained aircraft is capable of flying anywhere in the world, ready when you are, to wherever you need to be.

FOUR AIRCRAFT.  
EVERY RANGE.  
EVERY NEED.

GULFSTREAM G550

Ultra long range jet. Up to 16 passengers.  
Built for long-haul travel across continents.

GULFSTREAM GV

Large jet. Up to 14 passengers.  
Where ultra-long-range private aviation began.

CESSNA CITATION X

Mid-size jet. Up to 8 passengers.  
The fastest civilian aircraft in its class.

CESSNA CITATION BRAVO

Light jet. Up to 6 passengers.  
Ideal for short to mid-range regional routes.

# FLY WITH MJETS ON YOUR TERMS.

## MJETS BLOCK HOURS

The more you fly, the more certainty matters. A pre-purchased block of flight hours, with fixed rate, priority access, full fleet flexibility, and complete cost transparency. Billed at cost.

*Always yours, when it matters most.*

## YOUR BLOCK HOURS

### CERTAINTY

- Fixed rate.
- Guaranteed availability.
- No blackout dates.

### SIMPLICITY

- Call once. Fly assured.
- No hunting, no comparing.
- Know your price in advance.

### PRIORITY

- Block Hours clients move first.
- In high season or last-minute changes, you are always at the front.

WHEN EVERY  
MINUTE MATTERS.

Mjets operates a fully equipped air ambulance service, complete with a certified on-board intensive care unit, and a dedicated medical team of flying doctors and nurses.

We work in close partnership with leading insurance providers and hospitals, ensuring that from the moment care is needed to the moment the patient arrives, nothing is left to chance.

## Behind every seamless flight is a great deal of *unseen work*

*Flight planning, compliance, maintenance, and more.  
None of it should ever be your concern. In the right hands,  
an aircraft becomes exactly what fulfills your ambition.*

That is exactly what MJets is here for.  
As your aircraft management partner, we are invested in the long-term performance of your aircraft as much as you are — measuring our success by how well it serves you.

Backed by IS-BAO and IS-BAH Stage III certified safety standards, an ecosystem that includes a Part-145 Maintenance, Repair and Overhaul Organisation (MRO) recognised across multiple international authorities, a 24/7 operation control centre, fleet-negotiated procurement rates on fuel, parts, and ground handling, and a network spanning the region — every aspect of your aircraft's operation is handled by dedicated aircraft management at your single point of contact.

MJets looks after your aircraft across the entire journey, not just parts of it. From acquisition to the first flight and every journey after, ownership should feel like one thing above all: complete peace of mind.

## YOUR AIRCRAFT OWNERSHIP EXPERIENCE BY MJETS.

# THE RIGHT AIRCRAFT FROM SOURCING TO DELIVERY.

MJets operates as an independent consultant  
— *when our only interest is yours.*

Whether acquiring a new or pre-owned jet or refurbishing an existing one, every decision is built entirely around you. From the first cost analysis to sourcing, negotiations, and hangar planning, nothing is left to chance.

Backed by financing structuring, airworthiness assessment, in-house CAMO-compliant operational oversight, and access to expert market data, MJets finds the aircraft that is your perfect match.

The right consultation is a small step that changes everything. An aircraft acquired well becomes an asset that serves its owner for years — across business, across borders, and across generations.

A Gulfstream G700 aircraft is shown in flight, banking to the right. The aircraft is white with dark blue accents on the tail and engines. The registration "G700" is visible on the tail. It is flying over a dark, rugged mountain range with a winding road visible on the left. The sky is filled with large, white, billowing clouds. The overall tone is dramatic and professional.

OFFICIALLY  
REPRESENTING GULFSTREAM.  
PERSONALLY SERVING YOU.

Representing one of the world's most respected names in business aviation, MJets serves as Gulfstream's International Sales Representative – the direct bridge between owners and one of the world's most respected aircraft manufacturers, with access to the full Gulfstream fleet, including the G300, G400, G500, G600, G700, and G800.

*From acquisition to delivery, every journey is handled with discretion, precision, and direct access to the Gulfstream ecosystem.*

Ensuring a seamless ownership experience tailored to the expectations of today's global flyers.

Through our official appointment, clients benefit from factory-aligned support, allocation of access, authorized international sales representative – backed by the same depth of guidance MJets brings to every consultation: local expertise, complete transparency, and a process built that puts the owner first.

As a Gulfstream Authorized Warranty Repair Facility, Gulfstream owners across Thailand have direct access to manufacturer-backed component warranty support, without leaving Asia.

*The aircraft you trust deserves the service it was built for.*

# THE WORK BEHIND THE SCENES.

Behind every seamless journey  
is a foundation of uncompromising  
safety standards and technical excellence.

One of Southeast Asia's largest in-house maintenance facilities. Certified by the FAA, CAAT, CAA Cayman Islands, 2-REG and CAAC, covering every major aviation authority across the region. A team that services aircraft of every make and model, including Gulfstream, Textron, Bombardier, Dassault, and beyond, handling everything from routine checks to full overhauls with the same discipline, every time.

## OUR CAPABILITIES

- Dispatch aircraft engineers anywhere in the region to support AOG
- Aircraft detailing experts
- Line and base maintenance service for various aircraft models

## GULFSTREAM AUTHORIZED WARRANTY REPAIR FACILITY

Decades of discipline.

As a Gulfstream Authorized Warranty Repair Facility, MJets delivers component warranty support across a range of Gulfstream aircraft – backed by certified engineers with deep, model-specific expertise and a comprehensive inventory of genuine OEM parts.

Speed, precision, and personal attention  
– the standard clients can now expect as their own.

[MJETS.COM](http://MJETS.COM)

TEXTRON AUTHORIZED  
SERVICE FACILITY

As the appointed Service Facility for Cessna Caravan aircraft, MJets brings that same standard to every aircraft passing through the Private Jet Terminal at Don Mueang International Airport, Bangkok.

Care, uncompromised

Swift, service and warranty repairs, carried out under direct manufacturer authority.

Craftsmanship

Every repair entrusted to skilled aviation mechanics, executed with genuine parts and engineering, documented to the highest standard of precision.

Confidence

Comprehensive liability coverage, safeguarding every aircraft, operation, and hangar within its care.

MJETS

# THE RIGHT PARTS. NOTHING LESS.

*Every component sourced through MJets comes directly from the manufacturers who built the aircraft.*

Supplied to the exact specifications they were designed to meet. As an authorized dealer for Garmin, Honeywell, Pratt & Whitney Canada, Goodyear, Collins Aerospace, gogo and Textron Aviation, the provenance of every part is never in question.

Beyond parts sourcing, MJets also provides dedicated component workshop capabilities for aircraft wheels and batteries, supporting inspection, servicing, and maintenance to ensure every component is ready to perform when it matters most.
